# Weekly service

Robinsons recognises that the antiques business has changed dramatically over the past few years. Trading conditions have become increasingly competitive and dealers must concentrate on reducing costs, increasing cash flow and improving their customer service. Robinsons can help you to achieve all of these aims.

Once a week, *every* week, we despatch containers to the Robinsons Antiques Furniture Distribution Centre in America. This frequent service to the US ensures that your purchases reach you faster, improving your cash-flow and giving you a business edge over your competitors.

Robinsons gives you the freedom to buy and ship as required without the need to invest in additional inventory that may not sell immediately.
